GOOD BUSINESS DURING PANDEMIC

During CORONA many businesses were shut but thanks to our quality products and customers, Shree Royal Warrior Bakery not only did well but also expanded, says **proprietor Narayan M.S.** This was possible due to the insistence on quality and taste of our products, says the bakery proprietor.

This same philosophy is followed by more than 60 workers of the bakery. Narayan's son Ruthvik helped his father immensely to manage the business during COVID which has resulted in the opening of 10 branches in just three years. Now 46-year-old Narayan is planning to take his bakery business beyond our Royal City.

MANY TO REMEMBER....

Narayan M.S., even though had 25 years experience in Bakery Business, was hesitant to branch out on his own. It is here that his friend from Pandavapura, Narayana Gowda helped with Rs. 1 lakh. Then came help from SBI Bank and Narayan M.S. remembers these supporters every day.

EDITOR'S BOTTOMLINE

The Mahatma Gandhi National Rural Employment Guarantee Act (MGNREGA), passed in September 2005 by the UPA Government, was aimed at helping India's most disadvantaged people. At its core, MGNREGA is a safety net for the rural poor that guarantees 100 days of employment in a year to every registered household. With the introduction of MGNREGA, the then Chairperson of UPA, Sonia Gandhi, tried to temper the hard market economics with some compassion. MGNREGA is also good economics. Instead of the present-day dole outs transferred seamlessly through UPI, MGNREGA championed the dignity of productive work that would build rural infrastructure.

MGNREGA played a stellar role in offering a lifeline during the COVID-19 crisis to hundreds in need. Due to the nationwide lockdown in March 2020, millions of Indians lost their jobs and the migrant labourers, who had moved to cities, were disproportionately affected. Over one crore migrant workers were forced to make long, arduous journeys back to their villages upon losing their jobs in cities. As the COVID-19 pandemic raged and the lockdown-induced economic crisis continued, many returned workers, turned to MGNREGA as a source of work in their own villages. A record 40% increase in the demand for MGNREGA work was seen during this time as compared to pre COVID-19.

In conclusion, MGNREGA, which completes 17 years in 2022, is a transformative legislation, enabling livelihoods and social security for millions, as well as serving as an employment alternative during crises and in a jobless, yet a fast growing, economy.

Company makes employees eat raw eggs as punishment

Beijing: A company in China has sparked controversy online after it was reported that it forces employees to eat raw eggs as punishment for not meeting expectations.

It all started when a second-year university student surnamed Du took to social media to complain about his experience as an intern for a technology company. He claimed that the said company had a bizarre rule where employees had to swallow raw eggs if they didn't get enough orders in a set period of time or otherwise failed to meet management expectations. He claimed to have had his internship terminated after he refused to obey the rule, adding that management made him write down "personal reasons" as the reason for ending the internship to absolve the company of any liability.

Gang runs fake Police Station next to real one

Banka: A gang in Bihar somehow managed to allegedly run a fake Police Station out of a hotel for eight months before being caught by the actual Police.

A gang in the town of Banka in Bihar took the scam to other level by setting up a fake Police Station just 500 meters from a real one. Apparently, the scammers operated their fake station out of a local hotel, where they posed as actual officers wearing realistic uniforms, badges and even firearms. They are believed to have scammed hundreds of people, having requested bribes for registering complaints, helping them secure social housing or jobs in the police, or otherwise solving their problems.

To make the Police Station appear legit, the gang allegedly paid people from rural areas about Rs. 500 per day to pretend that they were employees. The whole thing was so convincing that no one filed any complaints with the real Police for eight months.

Mysuru Mayoral polls: Reservation announced

General category candidate for Mayor, BCA (Woman) for Deputy

Mysuru, Aug. 24 (RK&DM)- Exactly six months after the incumbent Mayor Sunanda Palanetra functioned as In-charge Mayor of Mysuru, the State Government has announced the reservation category (matrix) for Mayoral polls, thus setting in motion the process for conduct of Mayoral elections for the next term of the current tenure of the Mysuru City Corporation (MCC).

In a Government of Karnataka Gazette Notification issued this morning (Aug. 24), the Urban Development Department allotted the Offices of the Mayor and Deputy Mayor to various categories for the next term in respect of ten City Corporations — Mysuru, Ballari, Belagavi, Davanagere, Hubballi-Dharwad, Kalaburagi, Mangaluru, Shivamogga, Tumakuru and Vijayapura, under Rule 73-A of the Karnataka Municipal Corporations (Election) (Amendment) Rules 2020 and Guidelines issued vide Government Order No. UDD 204 MLR 2020 (Part) dated Jan. 21, 2021.

According to the Gazette Notification, the post of Mysuru Mayor has been reserved for General Category candidate and Deputy Mayor for BCA (Woman). **The announcement of reservation assumes significance for Mysuru in the wake of Dasara, which is just about six weeks away.**

Sunanda Palanetra, who is functioning as In-charge Mayor since Feb. 25, 2022 after her term expired on Feb. 24, was the first Mayor from the BJP.

Sunanda, who represents Ward 59, was elected as Mayor in a re-election to the post held on Aug. 25, 2021, which was necessitated after the High Court disqualified the then Incumbent Mayor Rukmini Madegowda of JD(S) on the ground that she had submitted a false asset affidavit during the 2018 MCC elections. Rukmini was elected Mayor for the third term of the current tenure of MCC on Feb. 24, 2021. But three months into her service, she had to demit office following HC verdict. Later the JD(S)-Congress coalition, which then ruled the MCC, collapsed due to feud over which party should get the Mayor post, thus enabling the BJP candidate Sunanda to bag the post in the election held on Aug. 25, 2021.

Sunanda, who had lost the Mayoral polls held on Feb. 24, 2021, later got some solace, as she became the first Corporator from BJP to occupy Mayor's office, which post had remained elusive for the party for nearly four decades.

The MCC is a 65-member body and no party has an absolute majority on its own. BJP is the single largest party, followed by the Congress and JD(S).

In-Charge Mayor reacts

Speaking to *Star of Mysore* this morning, in-Charge Mayor Sunanda Palanetra said, "The party had recognised my services to BJP and selected me for Mayor's post. Now as per rules, I have to make way for a new Mayor. I happily welcome the Government's decision. I have the satisfaction of utilising the opportunity given to me to serve the people of Mysuru."

CM Bommai to inaugurate Grand Dasara Expo

Minimum tender bid for expo is Rs. 8 crore

KEA Chairman Mirle Srinivas Gowda addressing a press meet at his office in Dasara Exhibition Grounds in city this morning as KEA CEO Rudresh looks on.

Mysuru, Aug. 24 (MTY&DM)- Contradicting reports that the Dasara Exhibition-2022 will start 15 days before the commencement of *Navarathri* celebrations, Karnataka Exhibition Authority (KEA) Chairman Mirle Srinivas Gowda clarified that the Chief Minister will inaugurate the Dasara Exhibition on Sept. 26, marking the commencement of *Nada Habba* and in keeping with past traditions and practices.

Addressing a press meet at his office in Dasara Exhibition Grounds here this morning, Srinivas Gowda said that following a two-year gap on account of COVID pandemic, the Dasara Expo will be a grand event (90 days) this year which will take place from Sept. 26 to Dec. 24, with all the stalls, including those of Government Departments and bodies, kept ready before the inauguration on Sept. 26.

Highlighting the salient features of this year's Dasara Exhibition, Srinivas Gowda said that the expo will include a Sand Museum for the first time, featuring sand art works on late actor Dr. Puneeth Rajkumar, Prime Minister Narendra Modi, *Azadi Ka Amrit Mahotsav,* iconic freedom fighters etc. The Sand Museum is conceptualised by Mysuru-based sand artist Gowri, he added.

Crowding at K.R. Hospital OPD: Steps to solve problems

By S.T. Ravikumar

Mysuru, Aug. 24 - Even as the State Government recently announced that patient registrations at all district hospitals are set to go online within a month and a similar system will be adopted in taluk hospitals, the State-run K.R. Hospital in Mysuru is leading a revolution stage-by-stage on computerisation of routine activities including implementation of e-hospital initiative.

Health and Medical Education Minister Dr. K. Sudhakar recently said that officials have been instructed to provide appointments online or through SMS to reduce crowding at hospitals. "This measure is being implemented to reduce long queues.

A section of people at K.R. Hospital OPD counter this morning.

A system is being developed where patients will be given information online or through SMS on which doctor to meet at what time. Patients need not come to the hospital and wait," he said.

K.R. Hospital has started the patient registration initiative and is migrating from manual processes to an electronic system where there is more visibility, transparency and accountability. The ultimate aim of the project is patient convenience.

Computerised processes

Middle and lower-income group patients who come from far-flung areas to K.R. Hospital wait more than one hour during OPD hours as there is tremendous pressure on the hospital staff to cater to the needs of over 1,500 to 1,800 patients every day. The situation is worse on all Mondays as there is no OPD on Sundays.

Kudos to RTO Mysuru West

Sir,

Recently my son purchased a second hand car. We applied online through the parivahan website for the RC transfer from the previous owner. However, the payment was showing as "verification pending." At the RTO they did accept the application and we assumed that the status would change eventually.

But even after 30 working days it did not. When we approached the RTO West staff they did their best to help us. As a last resort, they created a challan so that we could make the payment in the RTO itself.

They also reassured us that the transfer will be done at the earliest. Within a week it was done and we could collect the new RC card.

My appreciation to Latha and other staff at the RTO West Office who were not only very courteous and helpful but ensured customer satisfaction. It was one more addition to my list of pleasant experiences with RTO Mysuru West.

Dasara Aahara Mela-2022 from Sept. 26 to Oct. 4

Plans afoot to open food stalls at each event location to prevent rush at Mela venues

By S.B. Devaraj

File photo

Mysuru, Aug. 24- The Dasara Aahara Mela-2022 (food festival) from Sept. 26 to Oct. 4 at Scouts and Guides Grounds and at MUDA Grounds near Lalitha Mahal Palace Hotel is expected to thrill food enthusiasts as the event promises a variety of exciting and lip-smacking food from different parts of the State and country including the traditional tribal food.

Apart from the above two venues, plans are afoot to open food stalls at each of the Dasara programme venues. This is to popularise Dasara's food aspect — apart from focussing on the art and cultural aspect — and reduce the burden on Scouts and Guides Grounds and the MUDA Grounds. A grand Dasara means a host of events like Yuva Dasara, Mahila Dasara, Makkala Dasara, Raitha Dasara, Sports Dasara, Pusthaka Mela, Krishi Mela etc. Plans are being worked out to set up food counters at these venues also. These stalls will be opened through the Dasara Aahara Mela Sub-Committee.

For foodies, the Aahara Mela is a great chance to get on a delectable journey, discovering and relishing an assortment of Indian and continental culinary. With chefs from across the State putting up a sale of a variety of foods with rich aromas to elusive and simple flavours, the fair is an excellent place for all those who visit the venue, to stimulate their taste buds.

People return home hungry

Usually, the Aahara Mela is frequented by people after witnessing several Dasara programmes on their way back home. But every year, all roads that lead to the Aahara Mela are choked with traffic and many do not make it at the right time. Also, they will not get a place to park their vehicles and have food peacefully. As such, many return home hungry.

"Even local people do not go to all Dasara programme venues every day. They usually plan their routine and then choose the events for a particular day or a particular evening. Having food counters at all the venues will be convenient as they can eat and go home. All those who are particularly headed towards Aahara Mela can go there," Joint Director of Food and Civil Supplies Department Kumuda Sharath told *Star of Mysore*.

"At times, during lunch and dinner hours, the Aahara Mela gets extremely crowded and this leads to chaos. Owing to confusion, many people stay away from food stalls. We are planning to avoid this," she added.

Seeking feedback from Sub-Committees

The Department has written to different Dasara Sub-Committees seeking feedback on the types of food stalls they are looking at, availability of space, demand and other aspects. "Once we get feedback, we will allow the space as per the requirement and those who apply to participate in the Aahara Mela will be allotted," Kumuda said.

While there will be 90 to 100 stalls at the Scouts and Guides Grounds, there will be 50 to 70 food stalls at MUDA Grounds. "Waterproof pandals will be set up to prevent rains going by the experience of previous years. We have written to the Officers of Food and Civil Supplies Department of all districts to invite participation from unique food styles known in those regions like tribal food, North Karnataka dishes, coastal food and the special food of Mysuru region," she revealed.

This apart, regular cultural programmes will be held at the Mela venues and there will be competitions for people to display their culinary skills. Eating competitions will also be held and prizes will be distributed.

Six crore PNG connections in next eight years, says Union Minister Puri

Mysuru, Aug. 24 (MK&BCT)- India is on its way to becoming a global energy superpower in terms of consumption and production, Union Minister for Petroleum and Natural Gas Hardeep Singh Puri said.

Virtually inaugurating the 201st plant of Liquefied Compressed Natural Gas (LCNG) established by AG&P Pratham India at Hebbal last evening, the Minister said that the Centre has set a target to provide 6 crore Piped Natural Gas (PNG) connections to households, commercial establishments and industries in the next eight years.

"As far as the Government of India is concerned, we are going to step on the accelerator in terms of exploration and production in a very big way. India will more than double the area that is under exploration and production of oil and gas to 0.5 million square kilometres by 2025 and to 1 million sq km by 2030 with a view of raising domestic output and cutting reliance on imported fuel," he said.

India currently relies on imports to meet 85 percent of its oil needs and 50 percent of its natural gas requirement. This is because domestic production is inadequate. "With an objective of increased domestic production of oil and gas, we have declared an ambitious target to increase the area under exploration and production to 0.5 million sq km by 2025 and achieve 1 million sq km by 2030," he said.

"Everyone will have access to PNG at their homes at an affordable rate and there are many issues to lay pipelines to deliver the PNG to the last mile. All efforts are being made to meet the challenges," he said.

India's Liquefied Natural Gas (LNG) regasification capacity has gone up from 21 Million Metric Tonnes Per Annum (MMTPA) in 2014 to 42 MMTPA now, while the aim was to increase the country's overall LNG regasification capacity to 62.5 MMTPA in the next few years, he said.

"Gas connections have gone up from 25 lakh in 2014 to 97 lakh connections, the number of city gas distribution districts has increased from 66 in 2014 to 630 in 2022 and the number of CNG stations too has gone up from 938 in 2014 to 4,629 at present. "We aim to increase the gas pipeline network from 18,500 kilometres to 32,000 kilometres in the next five years," Puri added.

As part of the event, Assistant Commissioner Kamala Bai filled an autorickshaw with CNG fuel. AG&P Pratham CEO Chirdeep Datta and others were present.

K.R. Hospital: Online processes, e-hospital initiatives to be implemented stage-by-stage

(Continued from page 3)

Medical Superintendent N. Nanjundaswamy told *Star of Mysore* that there are four phases in the e-hospital initiative and two phases have already been implemented. "The first phase is to issue computerised tokens to patients who crowd the various OPD blocks. Secondly, the Department of Radiology, X-ray, Scanning and Lab Reports have been brought under one system where a centralised laboratory sends the reports directly to the doctors and wards," he said.

Under the manual system, patients will have to do all the running around from the OPD to the radiology wings and by the time he/she gets hold of the reports, the doctor would have left for the day, forcing the patients to come the next day or the day after. In the present system, the reports reach the respective doctors directly and the information is passed on to the patient on the availability of the doctors, he explained.

OPD registration counter at K.R. Hospital.

Online reporting mechanism

This online reporting mechanism ensures transparency and accountability. "The system is also connected to all the wards and the doctors can easily access the patient reports. Only those who do not have a smartphone are given slips and even the nominal payment (of Rs. 10) can be made online. With this, the long queue system in front of the OPDs is eliminated," Nanjundaswamy said.

Some of the OPDs include Medicine, Surgery, Orthopaedics, Casualty, Minor OT, Ayushman Card Counter and Ophthalmology. Also, there are counters for BPL cardholders to avail slips that mention free treatment to them. Each counter has to handle a minimum of 250 to 300 patients and as the system is computerised now, it saves time for the patients.

There are over 60 wards in K.R. Hospital including General Ward, Special Ward, ICU, CCU and MICU. There are operation theatres and all the wards have been brought under the system. "In the coming days, laptops will be given to data entry operators at each ward so that there is interconnectivity and visibility to the patients and doctors. With the new system, the long queues at OPDs and radiology units will soon be a thing of the past," Dr. Nanjundaswamy said.

Yesterday at 4.15 pm, *Gaadhi Namdha* was fastened on the back of Abhimanyu near Kodi Someshwara Temple in Palace premises and a cradle like structure was tied on the *Gaadhi Namdha* in which sand bags weighing 510 kgs were placed.

Abhimanyu then made his way to the *Jumboo Savari* route through Balarama Gate and walked via K.R. Circle, Sayyaji Rao Road, Government Ayurveda Hospital Circle, Old RMC Circle, Bamboo Bazar and Highway Circle to reach the Torchlight Parade Grounds. He covered a distance of 5 km in one hour and fifteen minutes and earned the appreciation of Forest Department officials.

Deputy Conservator of Forests (DCF) Dr. V. WORD OF THE DAY

Charisma

Pronunciation: kuh-RIZ-muh.
Meaning: Charisma means "a special magnetic charm or appeal." A person with charisma is captivating and often admired.
Origin: The Greek word charisma means "favor" or "gift." It comes from the verb charizesthai ("to favor"), which in turn comes from the noun charis, meaning "grace." In English, charisma was originally used in Christian contexts to refer to a gift or power bestowed upon an individual by the Holy Spirit for the good of the Church—a sense that is now very rare. These days, we use the word to refer to social, rather than divine, grace. For instance, a leader with charisma may easily gain popular support, and a job applicant with charisma may shine in an interview.
Example: "David Ortiz has been elected to the Baseball Hall of Fame in his first year on the ballot with 77.9% of the vote. He put up huge numbers at the plate, and Big Papi proved to be a larger-than-life presence off the diamond as well, with a boundless charisma that affected teammates and opponents alike." — ESPN.com

THE ODD WORD

Caboose

Kitchen on the deck of a ship.

PHRASE OF THE DAY

Call it off

Meaning: 'Call it off' means to decide not to do something that was planned.
Origin: The origin of the idiom 'call it off' has its roots in the late 14th century, from the Anglo-French word 'repeler', meaning to call in, call back, call after, or revoke. In the 1580s, the term 'recall' became popular for describing the act we know today as calling something off. The word 'recall' remains common, but is rarely used in casual settings and has a slightly different meaning now than it did when first coined.
Example: "Tonight's game was called off because of the rain."
